During the last two months he and his son have been very active and the results of their activity have been very apparent in the market. They have taken advantage of the great deholdings in a number of different properties. When the present excitement in the financial world is over, very marked changes will be noted in the relations and ownerships of some of the most important systems of roads. Withmost traportant systems of roads. Within the last few days a great deal has
been said about Mr. Gould's purchases
of Atchison stock. Gould says himself
that he is a large s'ockholder in Atchison, and that he admires the management, but has no desire to extend his
present active interests. It is also stated,

Concerning Ar. Gould's supposed relations with the Union Pacific much of late has been written, and it is looked upon as almost an assured fact that Mr. Gould has recently acquired large holdings of Union Pacific stock. Mr. Gould says that he does not know anything about the question of Mr. Dillon's aupposed accession to the Presilon's supposed accession to the Presi-dency of the Union Pacific. With regard to Mr. Gonld's recent purchase of itichmond Terminal stock, Mr. John H. Inman, President of the company, has said that Mr. Gonld owned about 100,000 said that Mr. Gould owned about 100,000
shares out of a total of 700,000, which
holding entitles him to three or four
representatives in the bond of eighteen
directors. The annual election of their
Richmond Terminal company will occur
on December 9. Mr. Gould says of his
acquisitions of Richmond Terminal
stock, as he does of his acquisitions of
Atchison stock, that he does not propose
to extend his interests at present.

### TWO LEADING CAUSES

For the Recovery of Confidence on Wall Street-Jay tould's Hand. NEW YORK, Nov. 19.—The Post Bays There were two leading causes for the recovery of confidence and the price in the afternoon. First was the action taken by the Bank of England in nosting a notice officially denying that the bank will call in loans and also in advertising will call in loans and also in advertising the bank generally to continue their loans to brokers until the next account or fortnightly settlement. The result of this was that discounts were easier in the alternoon in London and the stock market there closed firm at a large remarket there closed firm at a large recovery with good buying by capitalists
for investment, and with the statement the Bank of England rate of
discount would not be raised to-morrow
as was thought earlier in the day that it
would be. All of this had a great effect
to help restore confidence in the marlect. Eccould, the revolution in the
Pacific Maii directory which has taken
place without an ejection, and without much, it any, strugger, but by a negotia-control of the stock, but by a negotia-tion, is regarded as the index of a most important harmonization of interests on a larger scale in the whole granger and trans-continental railroad system, but trans-confinental railroad system, but in the business which have failed, enspecially in the matter of the tailing a loss upon farmers, laboring men than the stifture of the tailing a loss upon farmers, laboring men and the solid the control of the facility of the control of the Pacific Mail to the control of Mr. Gould is also a factor, in that if he did not have it the Union Pacific and its other than the superfactor of the control of the control of the facility of the control of the present machines. We do not expect to check mail to the control of the facility of the present machines the price of the present machines the price of the control of the facility of the present machines the present machines and the superfactor of the control of the Onion Pacinic at the power of the Central be too much in the power of the Central Pacific and other Huntington lives. Mr. Gould picked up 80,000 shares in the street during the financial flury. He took advantage of the market when small sharcholders were compelled to liquidate, and he got all he wanted at 18 down to 14 a share. Finding that Mr. Gould was among them, the Price-Thomas syndicate thought it well to congratulate themselves.

This alliance should be far reaching in its effects. The Richmond Terminal system meets the Missouri Pacific at two points on the Mississippi, at Memphis and at Greenville, Ark. They declared lhemseives in layor of free coinage of silver, the Australian system of balloting, the enforcement of the eight hour law in postoflices and with letter carriers, and urged upon Congress to pass the post of congress to pass the post of the control of the Congress to pass the postal telegraph bill, the eight hour bill, the alien work-man bill and the two convict labor bills now pending. The Assembly abolished their co-operative board, holding that it was useless, as its work came before the Executive Board for approval.

THE GRIEVANCE COMMITTEE

PITTSBURGH, PA., Nov. 19.-The grievnce committee of railroad organizations has concluded its sessions and the members have left the city as quietly as they arrived, having transacted an enormou amount of business. What this business is will proably not

be known until the moves are made at intervals at different places over the country. The only statement made by the committee was given out to-day:
"We, the committees representing the

Advance for Trainmen.
CLEVELAND, O., Nov. 19.—A conference between President Caldwell and General Superintendent Williams, of General Superintendent Williams, of the Nickle Plate, and committee representing some of its trainmen several days, has ended satisfactorily to all concerned. It regarded an advance in pay. As a result of the conference, the wages of conductors, baggagemen and brakemen have been advanced, in some instances only slightly, but in others 50 cents and for conductors and 35 cents per day for brakemen. The new wages were made retrospective, taking effect November 1. The engineers have also requested on advance, and their application is now pending.

It is not likely, however, that the Cleveland element, which is overwhelming in the South and the Southwest, will permit Hfil's friend to name the Speaker, and, with the strong support of Mills and Crisp, it looks as though the battle royal would be fought to a finish between their respective forces. The impression here is that Springer has killed himself by his "Cleveland gush," as a Democrat expressed it. He will gain no favor from the Cleveland side, and will array against him everybody who is opposed to the renomination of the ex-President.

ARMY OFFICER'S BRIDE. Notable Wedding at the Resider Justice Field. Washington, Nov. 19 .- Mies Louis condit-Smith and Dr. Leonard Wood,

late Col. Condit-Smith, who was on Gen. Sherman's staff, and who was Quartermaster General of the Army of Tennessee. His widow, who was his second wife, is a sister of Justice Field's wife, and at the death of her husband, a few years ago, Justice Field assumed the guardianship of her stepchildren.

The bride did not care for a large wedding and the caremany was witnessed.

WESTON, W. VA., Nov. 19 .- Miss Mary Lee Bennett, daughter of the late Hon. J. M. Bennett, of this town, was married at the family mansion here at noon to day to W. Duckett Bowle, youngest son of ex-Governor Oden Bowie, of Maryland, the millionaire President of the Baltimore & Potomac Railroad Com-pany. Over a thousand invitations to pany. Over a thousand invitations to witness the ceremony are said to have been extended the friends of the two families. Many were accepted in person, while many sent congratulatory tolegrams. The ceremony was performed by the Rev. Dr. Lacey, of the Protestant Episcopal church. The floral decorations were magnificent. The rooms were lighted by a large number of electric lighte, which had a beautiful effect. The bride was dressed in a white slik Parisinan costume, trimmed with old lace, and

that of the groom being a large diamond brooch. That of the groom's father and mother was a solid silver service, and that of Hon. Louis Bennett, brother of that of Hoa. Louis Bennett, brother of the bride, a solid silver tet tets service. The following gentlemen acted as ushers: Hon. John O. Pendleton, Dr. Fleming Howell, A. H. Higbee, Dr. M. S.
